Just a friendly reminder, you are representing Ford II, the Music Dept., and more importantly, yourselves! I would like to find it unnecessary to remind you of this while at this event. Conduct yourselves in a manner that is professional & mature. If you perform to the best of your ability, we will be successful. Bring with you the same focus and intensity that we brought to the marching field last October. From the moment you walk in to WWT H.S., your mind should be set on One goal. From the moment you walk onto the stage, you are performing for that One goal.

Think about it, you'll never have to play these 3 songs ever again! (Well, maybe once)
